Course title		ECTS code	
CIELSP601 Energy and Climate Law		10.0.8353	
Name of unit administrating study			
null			
Studies			
faculty	field of study	type	jednolite studia magisterskie
Wydział Prawa i Administracji	Prawo	form	stacjonarne
		specjalty	wszystkie
		specialization	wszystkie
Teaching staff			
dr hab. Tomasz Widlak, profesor uczelni; dr hab. Maciej Nyka, profesor uczelni; dr hab. Jakub Szlachetko			
Forms of classes, the realization and number of hours		ECTS credits	
Forms of classes		4	
Lecture		30 h lecture	
The realization of activities		70 h of student's own work (including preparation for classes and to pass the course)	
classroom instruction, online classes		TOTAL: 4 ECTS	
Number of hours			
Lecture: 30 hours			
The academic cycle			
2023/2024 summer semester			
Type of course		Language of instruction	
an elective course		English	
Teaching methods		Form and method of assessment and basic criteria for evaluation or examination requirements	
<ul style="list-style-type: none"> - multimedia-based lecture - problem-focused lecture - seminar lecture 		Final evaluation	
		Examination	
		Assessment methods	
		<ul style="list-style-type: none"> - written exam with open questions - written exam (test) - oral course credit

The learning outcomes (for the field of study and specialization)

KNOWLEDGE
K_WG01
 has in-depth and ordered knowledge of the nature of legal sciences, their place in the system of sciences and relations to other sciences
K_WG02
 knows the terminology and concepts of law and related fields to an extended degree
K_WG03
 has in-depth knowledge about the system of powers in Poland, with particular emphasis on legislative and judicial power
K_WG04
 knows the system of Polish law, interrelationships within this system and connections between Polish law and European Union law and international law
K_WG05
 has structured knowledge of the types of legal relations and regularities that govern them
K_WG06
 has structured knowledge about person as an entity constituting social structures and the principles of their functioning, as well as about person as an entity functioning in these structures
K_WG07
 knows methods and tools, including techniques for obtaining data and information, and research methods appropriate for legal sciences and related fields
K_WG08
 has in-depth knowledge of the sources of Polish law, its changes and the process of its creation
K_WG09
 has in-depth and ordered knowledge of the processes of change in power systems and its individual organs as well as the consequences of these changes
K_WK10
 knows and understands the basic concepts and principles in the field of protection of industrial property and copyright

Knowledge

The student knows the basic institutions of international energy law and international climate law
 The student knows the principles of international energy law and international climate law

Skills

The student notices the relationships and interconnections between the international energy law and international climate protection
 The student is able to assess the benefits and threats of the development of the energy sector as well as the implementation of restrictive climate policies

Social competence

The student is deeply aware of the risks related to international climate protection.
 The student is aware of the need to limit the use of fossil fuels in ensuring the energy security of countries.

and understands the need for proper protection of intellectual property and management of its resources

K_WK11
has in-depth knowledge of the principles of creating and developing basic forms of individual entrepreneurship

K_WK12
has knowledge of health and safety at work in public administration institutions

K_WK13
has in-depth knowledge of the functioning of self-governments of legal professions, knows the rules of exercising the profession of judge and prosecutor, has knowledge about the organization of justice in Poland

SKILLS

K_UW01
has deepened skills in observing and interpreting social phenomena, analyzes their connections with various areas, branches of law and related sciences

K_UW02
is able to use and integrate theoretical knowledge of law and related scientific disciplines to analyze and interpret complex legal problems

K_UW03
is able to use complex theoretical approaches to analyze, interpret and design legal strategies; can generate solutions to specific problems related to the law and forecast the course of their solutions and predict the effects of planned activities

K_UW04
efficiently uses legal and professional principles and norms in undertaken professional activity

K_UW05
can analyze and has the ability to diagnose moral and legal dilemmas in professional work

K_UW06
is able to assess the usefulness of typical procedures and good practices for the implementation of complex tasks related to various areas related to law and related fields

K_UK07
has developed the ability to understand and analyze social phenomena and to use this analysis in professional work

K_UK08
has an in-depth ability to prepare various essays in Polish and in a foreign language related to his work

K_UK09
has deepened ability to prepare oral presentations, in Polish and in a foreign language, in the field of law and related sciences

K_UK10
has language skills in the fields of science and scientific disciplines relevant to the field of study being studied, in accordance with the requirements set for level B2 + of the European Language Description System

K_UO11
is able to cooperate in a team and is able to coordinate the work of the team in solving legal problems, interpreting legal acts, preparing a written or oral position on

K_UU12
is able to efficiently acquire knowledge and develop his professional skills using a variety of sources (in native and

<p>foreign languages) and modern technologies</p> <p>COMPETENCES</p> <p>K_KK01 has deepened awareness of the level of their knowledge and skills, and also understands the need for lifelong learning</p> <p>K_KK02 is aware of the need to expand professional competences and qualifications as well as improves skills, is able to independently determine the directions of their own development and education in an extended and in-depth degree</p> <p>K_KO03 is ready to actively participate in groups, organizations and institutions carrying out professional activities related to law, at the same time is able to communicate with people who are not specialists in the field of law</p> <p>K_KO04 is ready to undertake the preparation of own social projects, taking into account legal, economic and political aspects, including the preparation and implementation of projects co-financed by the European Union</p> <p>K_KR05 prepares responsibly for his work, is able to set priorities at work which is properly laid out</p> <p>K_KR06 is convinced of the importance of behaving in an ethical and professional manner, acting in accordance with the principles of ethics</p> <p>K_KR07 is ready to take on professional challenges, undertakes efforts and is characterized by perseverance in the implementation of individual and team activities in the field of law and related sciences</p>
